PRODUCT FEATURES

Product Features	Sezgin Grey marble is a striking and dark natural stone, denoted by its gold and brown veining and its rich, patterns. It is arguably the most sought-after Grey stone in the marble family. Sezgin marble often contains thin light brown and Gold veining throughout with unique and complex patterns. Each stone surface has its own distinct characteristics. This individuality makes each stone fixture a unique and one in a million. Stone is a natural material; thus its color, veins and shades can vary from one piece to another. Basins are made from single block of marble so no cut & joint in basin. Each basin is hand crafted basin. Every basin is unique in its own pattern and texture.
