

ARTIZE

The importance of bathrooms

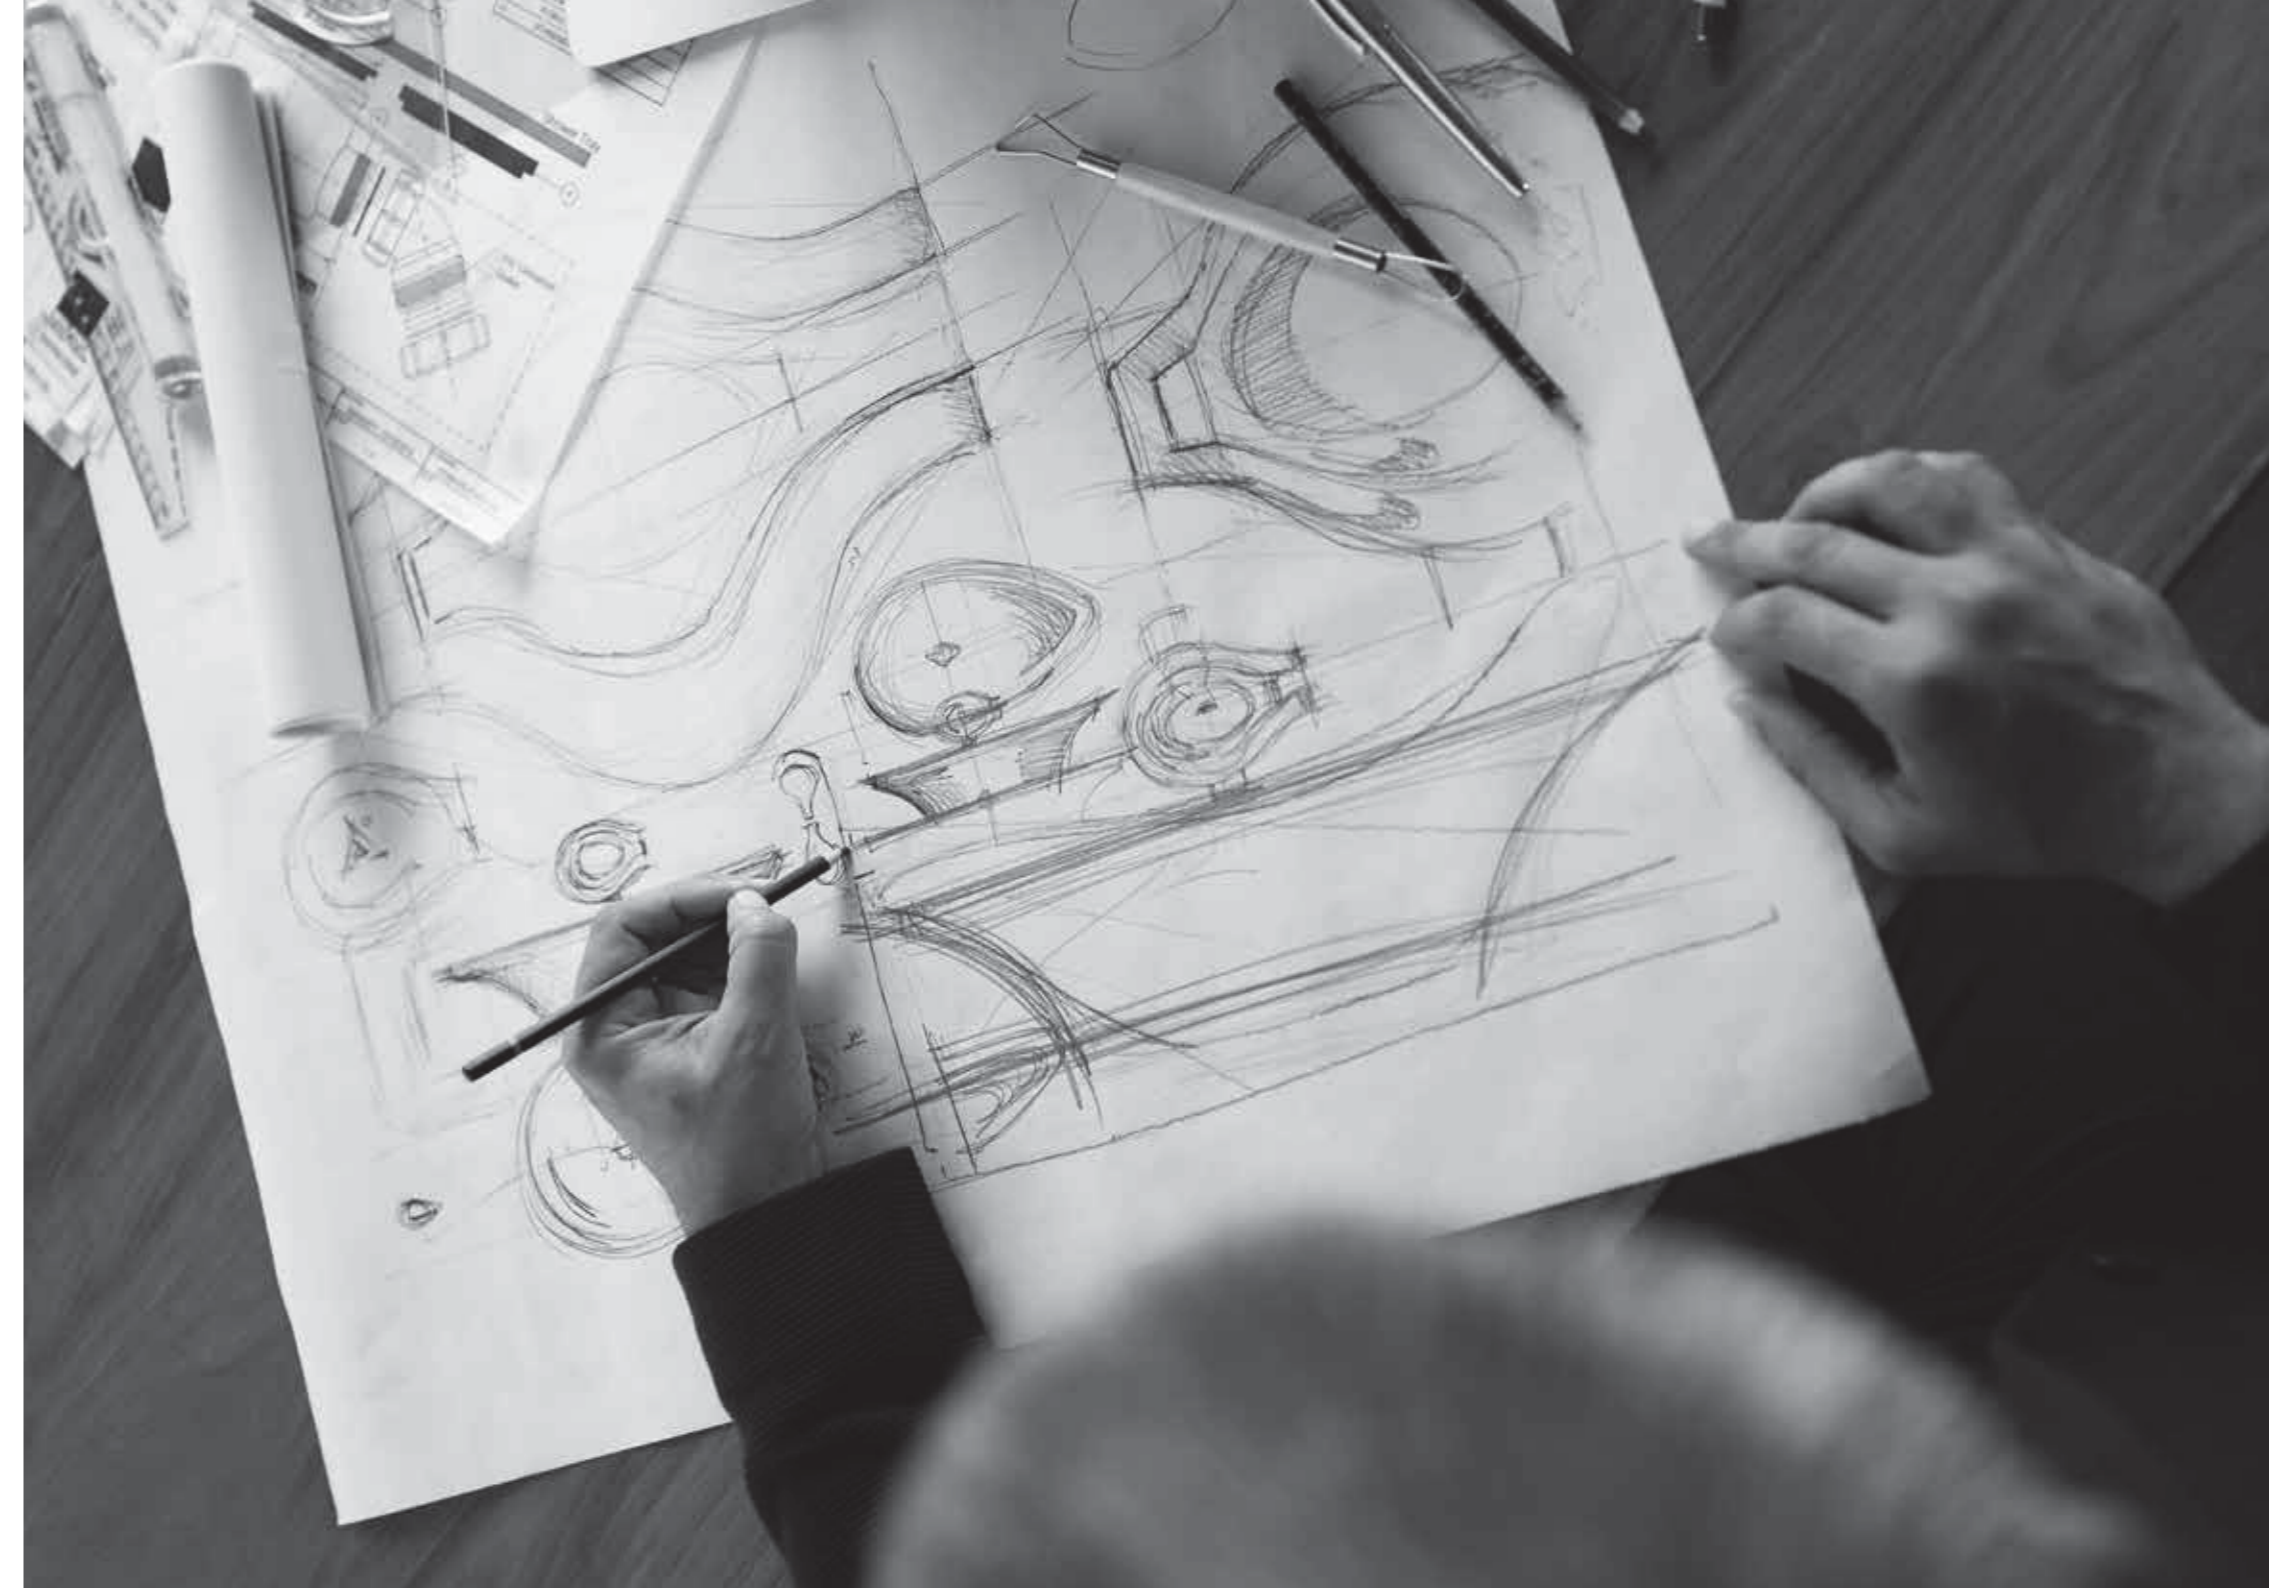

Bathrooms play a vital role in our lives today. It's time to treat them that way. With fittings and aesthetics which enable them to turn simple everyday functionality into indulgent experiences that enhance our sense of wellness.

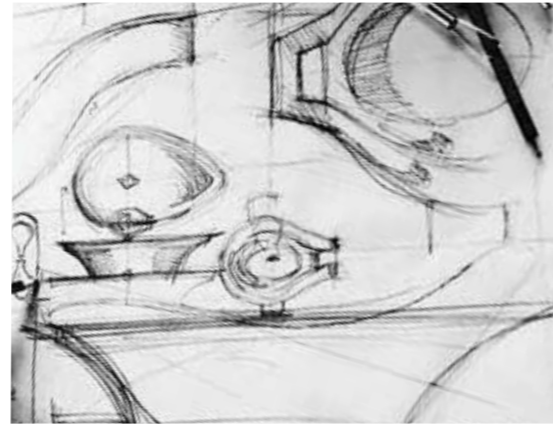

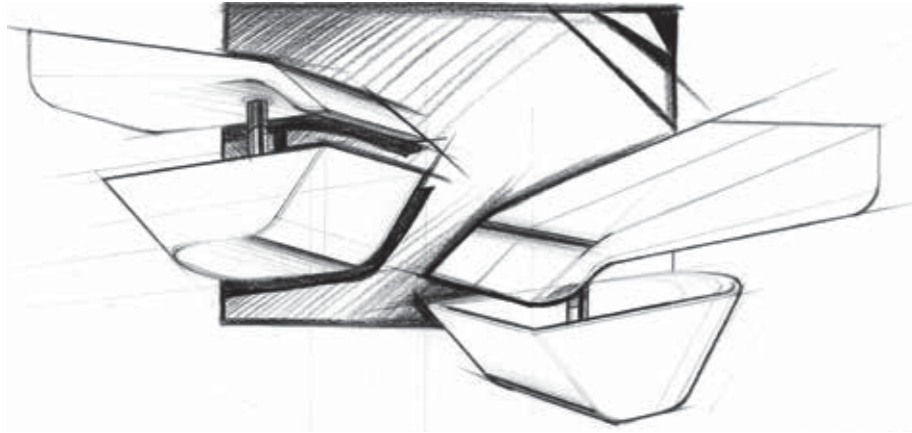

A promise of impeccable craftsmanship

Artize, the luxury brand of the Jaquar Group, the world's fastest growing bathroom solutions company, has been specially created for those who aspire for the best in their bath spaces. The brand aims at excellence that surpasses global standards of quality and design.

Artize pays tribute to fine traditions of exquisite craftsmanship by bringing together the finest in design and technology, and using its own manufacturing expertise to craft masterpieces for the ultimate bath space.

Where form enhances functionality

Luxurious bathrooms focus on aesthetics, ergonomics and the interface between people and technology.

Artize sees the immense potential for beauty in how water is used in a bathroom. Beauty that's inspired by Nature, by water's flowing lines, its soft caress on our skin, its rejuvenating effect on our senses. It is this inspiration that leads us to create bathroom indulgences like no other.

The Artize range comprises of a truly aspirational collection of Faucets, Sanitaryware, and Wellness products. Each a seamless blend of functionality and beauty. Each an iconic concept around which an entire living space could be designed.

Winning designs, worldwide

Artize products are conceived by globally renowned designers who use Artize's 'craftsmanship' approach to create objects of unsurpassed aesthetic and functional qualities. This thinking has resulted in many achievements for the Artize brand, including winning the prestigious Red Dot, Good Design and iF design awards, among others.

Quality for the connoisseur

Artize distinguishes itself as a brand by the meticulous craftsmanship of its offerings. Craftsmanship that is visible in the minute details in each one of its wide range of faucets, showers, ceramics and wellness products.

To achieve the high standards it sets for itself – to consistently surpass quality expectations worldwide – Artize uses some of the most advanced technologies available. From robotic grinding and polishing to colour finishes. Backed up by the latest testing and quality control processes to ensure unfailing reliability. And unmatched customer service to provide a lifetime of bathing pleasure.

Luxury created responsibly

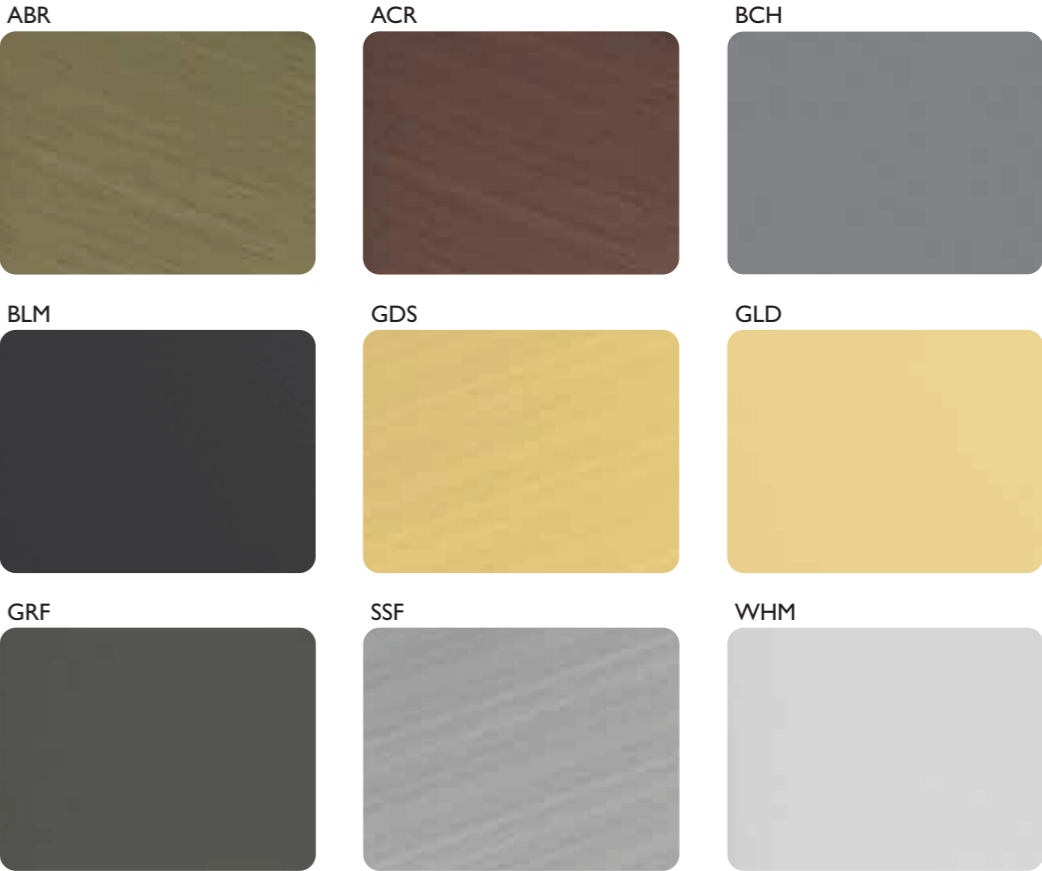

In a world where water is increasingly becoming a precious resource, Artize is acutely aware of its responsibility to offer a luxurious bathroom experience that is also delivered with sensitivity towards the environment and minimised wastage of water.

Apart from product specific measures that reduce water consumption without sacrificing the sense of luxury for the skin and the senses, Artize takes a holistic approach to planet empathy. Its manufacturing plant has Zero Discharge operations, practices extensive recycling of materials, and the brand leads the way in combining indulgence with responsibility.

Colour Finishes

If you wish to order a different colour finish of this range, just replace the colour code in the middle of the product code with the colour code of your choice from the ones shown above. For instance, in the product code OSA-CHR-70001SH, 'CHR' connotes Chrome finish. If you wish to order the same product in Gold Dust finish, replace 'CHR' with 'GDS'. Thus the product code will be OSA-GDS-70001SH.

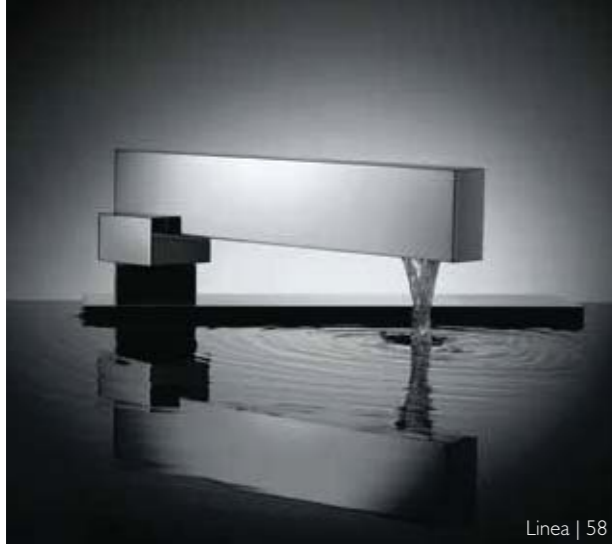

ABR: (Antique Bronze) | ACR: (Antique Copper) | BCH: (Black Chrome) | BLM: (Black Matt Finish)
GDS: (Gold Dust) | GLD: (Full Gold) | GRF: (Graphite) | SSF: (Stainless Steel Finish) | WHM: (White Matt)

Note: The finishes depicted here are only indicative and may differ from that on the actual product.

Signature COLLECTION

Signature Collection

Artize's Signature Collection epitomises bathroom luxury like nothing else does. With international award-winning creations, from renowned designers, that turn regular bathroom fixtures into stunning pieces of engineered art. Elevating mundane usage into memorable experiences of water.

ShowerTronic iV6 / iV2

Artize ShowerTronic iV6 is a touch based, intelligent water mixer system, which automatically maintains the water temperature and flow rate during showering. It comes with a host of features designed to deliver the ultimate showering experience.

ShowerTronic iV2 has 2 electronic valves to control the flow of hot and cold water to a choice of 3 different water outlets.

The Advantage of Showertronic's Technology

For delivering water at the desired flow rate and temperature, Artize ShowerTronic offers several key advantages over other systems - advantages that come from being an Intelligent Valve Sensor System.

No cartridges: no small electric motors or other similar parts that need to be recalibrated or replaced. It runs on intelligent software.

Handles differential pressures: even up to 5 Bar; between hot and cold water inputs.

High-precision sensors: to check water flow rate and temperature every 50 milliseconds for instant control and cut-off, if require

Safety: low voltage (12V DC) compliance for wet areas.

Durability: great for continuous use thanks to the absence of friction, IP 54 components, and piezo-electric technology – which makes it India's first reliable, fully electronic thermostat.

Touchpad

An electronic touch interface based on piezo technology, the touchpad consists of different laminated layers, making it extremely robust, resistant and long-lasting with a high level of user-friendliness. The interface controls the shower flow rate and temperature, enables the water outputs desired by the user and executes the CPU's smart programs such as the start-up program, clean-up program, thermal disinfection program or warm up program.

CPU iV6 / 6 outs

Smart electronic device with digital reading and accurate, stable, thermostatic regulation of water temperature and flow rate at the consumption terminals. Designed to be integrated in showers, columns, cabins or bath areas.

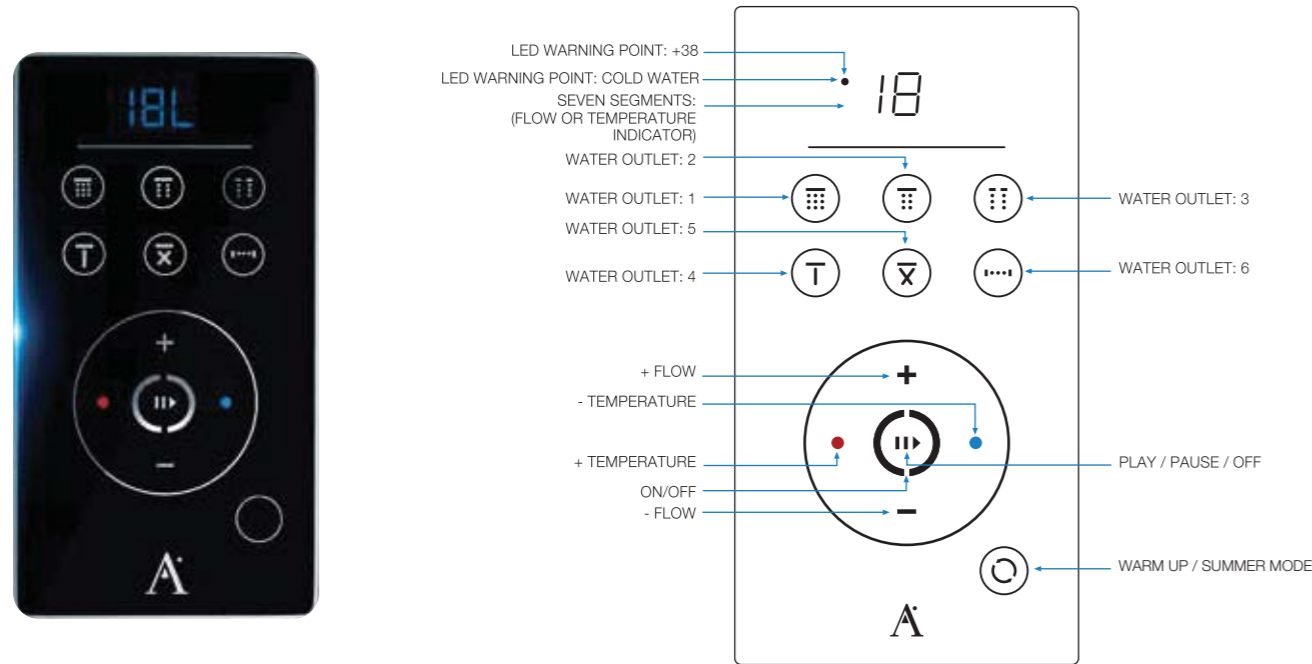

Power Supply System

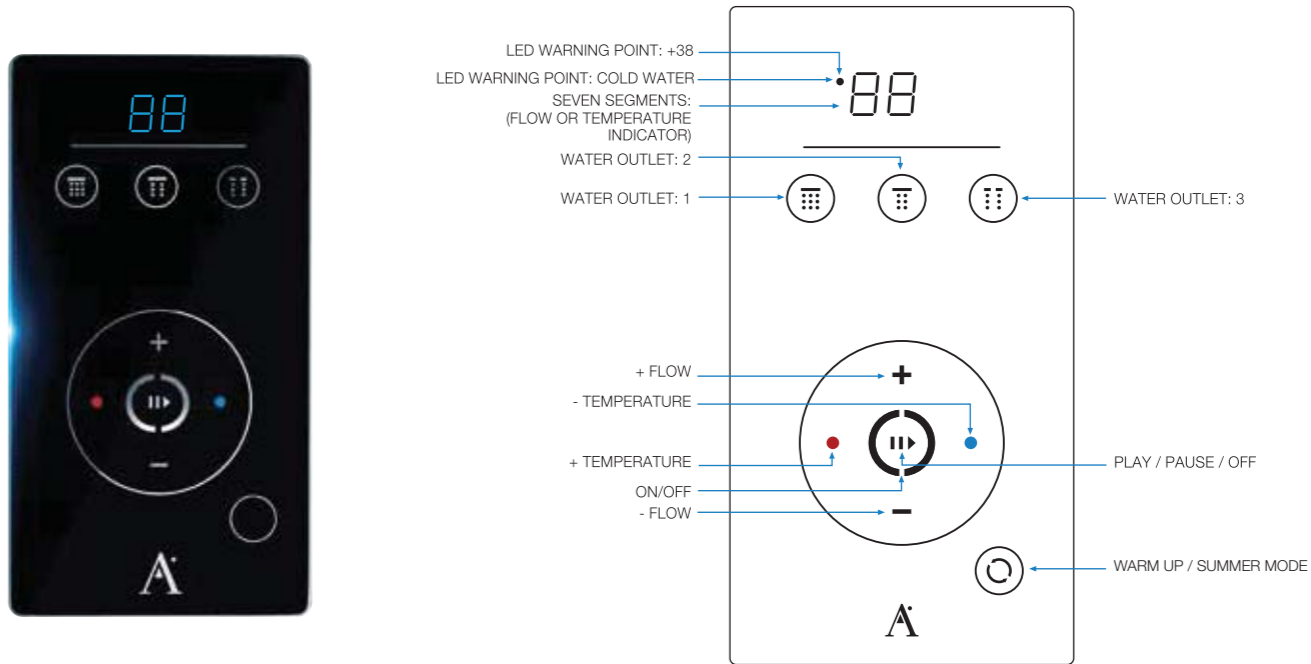

The system comprises of 12V DC power supply, a battery backup in case of lack of network voltage and a voltage peaks protection. Batteries are charged with the usual power supply, ensuring that they are always correctly loaded.

TumbleRain

One of the most innovative bathing experiences ever created: a shower that takes you back to a simpler time, to the fond memories of being inundated with a wave of water as the thrilling climax of the bathtime ritual.

Rediscover the thrill of bucket baths!

TumbleRain has been carefully engineered to automate the entire effort involved in bucket baths. Simply set or mix the water temperature to your preference and use the diverter's on and off controls. The high-mounted 'bucket' fills automatically every few seconds and empties itself dramatically over you.

Technology brings back a simple joy

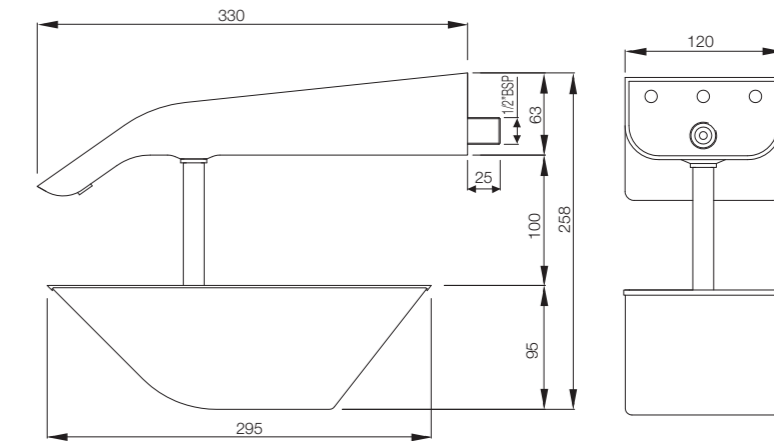

- Automated Tumbling
- No Water Deposit
- No Scaling
- No Bacteria
- A Green Product

Tailwater, a design classic by
Danelon Meroni

"Inspiration from the natural world embodied in
a beautifully engineered piece of industrial design."

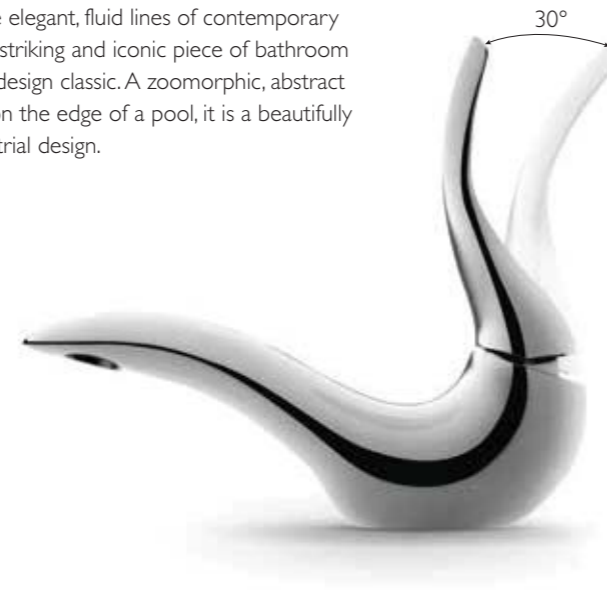

Tailwater | Faucets

Inspired by nature and the elegant, fluid lines of contemporary architecture, Tailwater is a striking and iconic piece of bathroom fitting – a new, minimalist design classic. A zoomorphic, abstract image of a bird, perched on the edge of a pool, it is a beautifully engineered piece of industrial design.

Rainjoy⁺

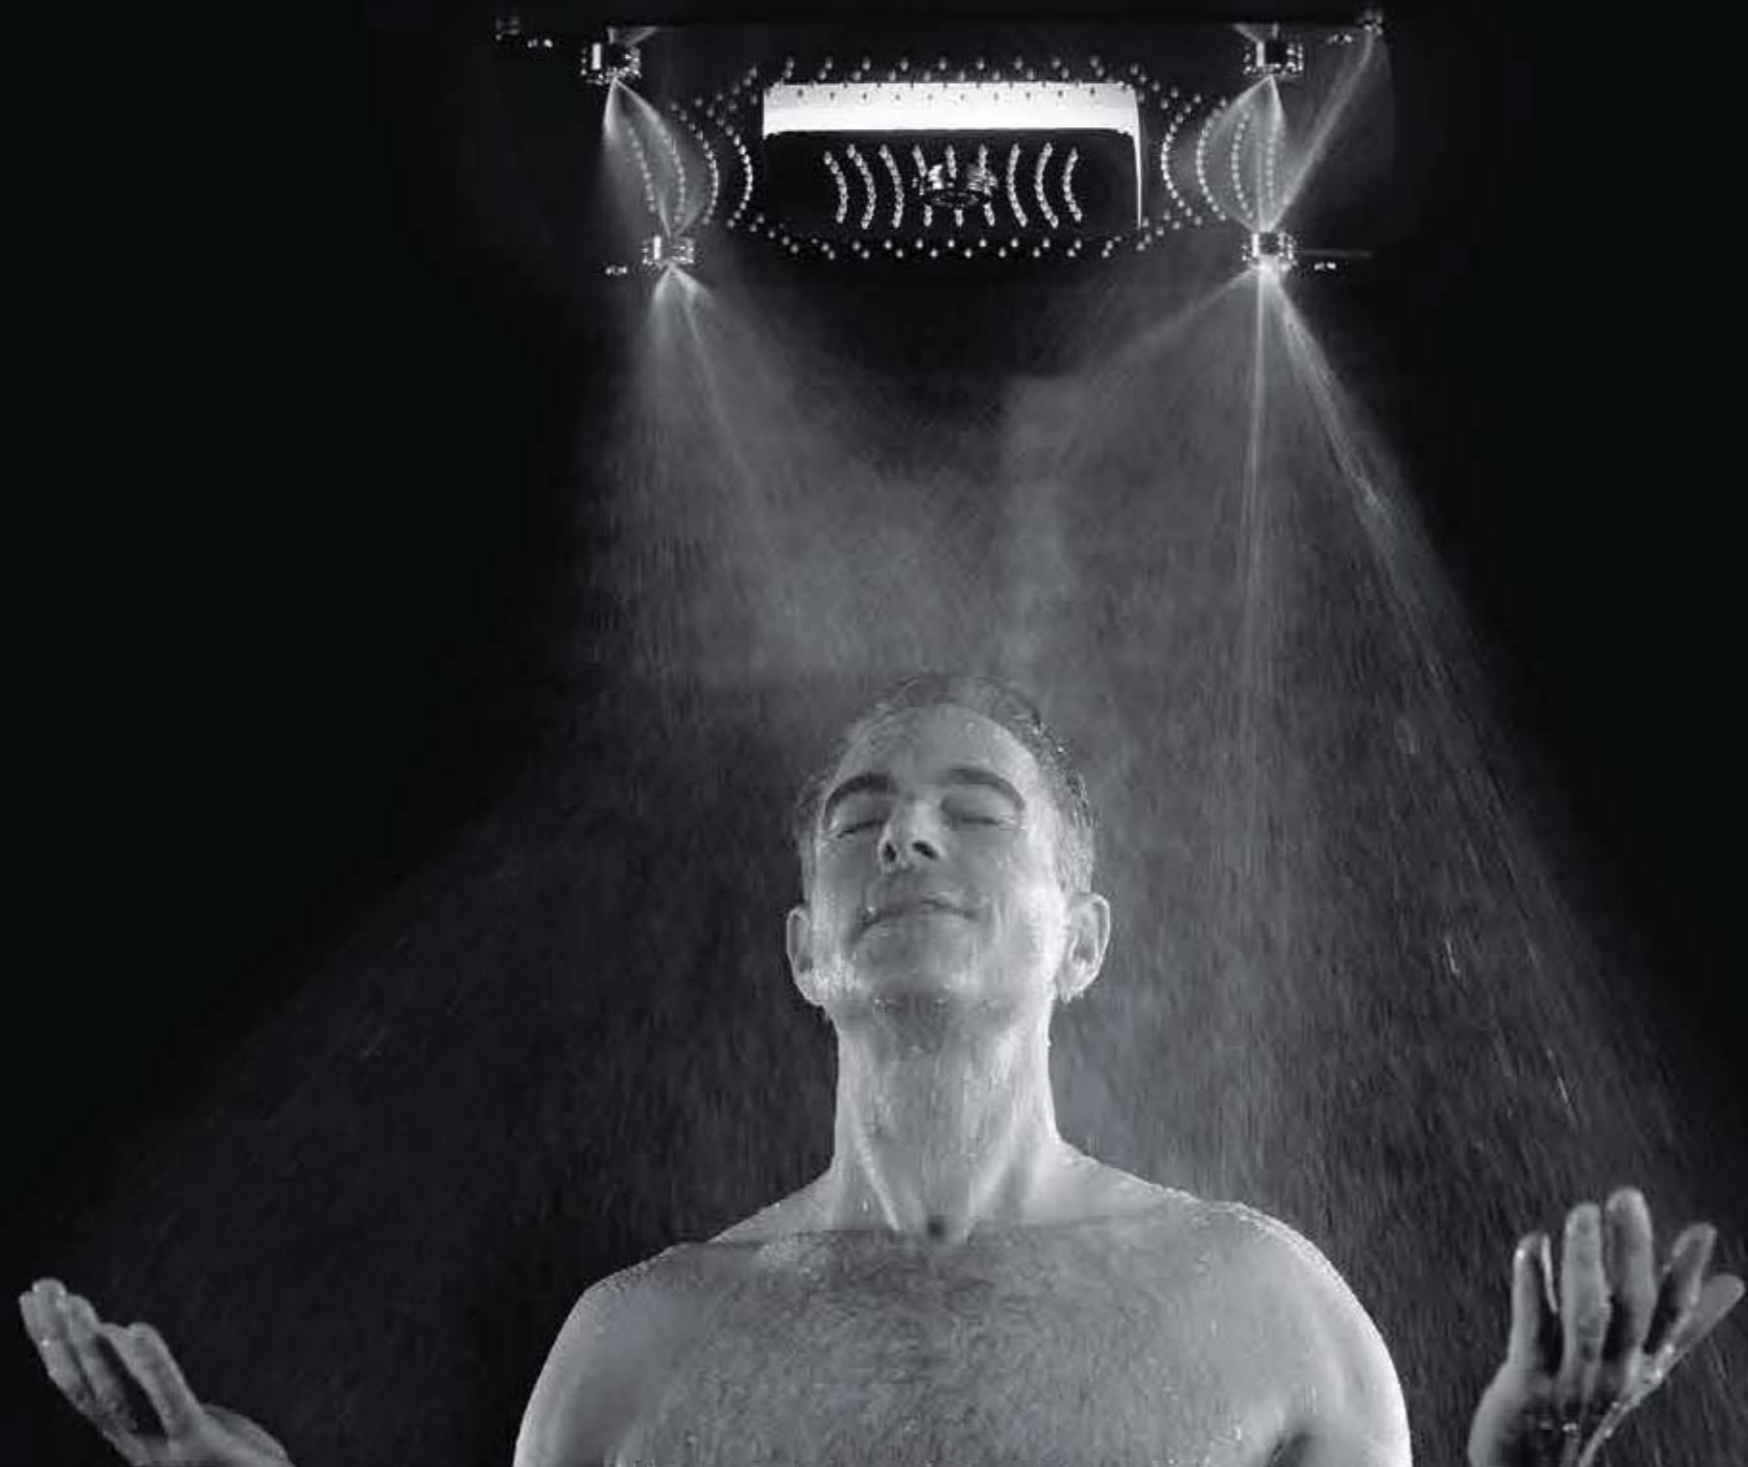

Oval | Square

Featuring clean, aesthetic lines and an unobtrusive design, both models of Rainjoy⁺ Shower use a larger-than-life size to envelop you with sensations that aim to relax the muscles, restore calmness and repair the damage caused by daily life's stresses and strains. And leave you feeling revived, recharged and rejuvenated.

- Extra large, concealed, overhead showers
- A choice of showering modes like Rain, Intense, Mist and even Massage

revive + recharge + rejuvenate

**Step into the rainjoy+ shower.
Discover a spa.**

The ultimate in showering luxury, rainjoy+ from Artize is the finest in extra large, concealed, overhead showers. Offering a choice of showering modes like Rain, Intense, Mist and even Massage, the rainjoy+ showering experience is a complete body bath that envelops the senses with an array of soothing sensations inspired by nature's brilliant, rejuvenating ways with water.

Rain

Welcome the emptying of the clouds
with arms wide open.

The Rain mode lets you enjoy an extra-large, overhead shower zone for a complete body bath. With pearls of water streaming from every jet on the large showerhead, the Rain mode's generous coverage is as rejuvenating as the monsoon's first downpour.

Intense

Feel the drums of the rain gods play a thrilling tune on your skin.

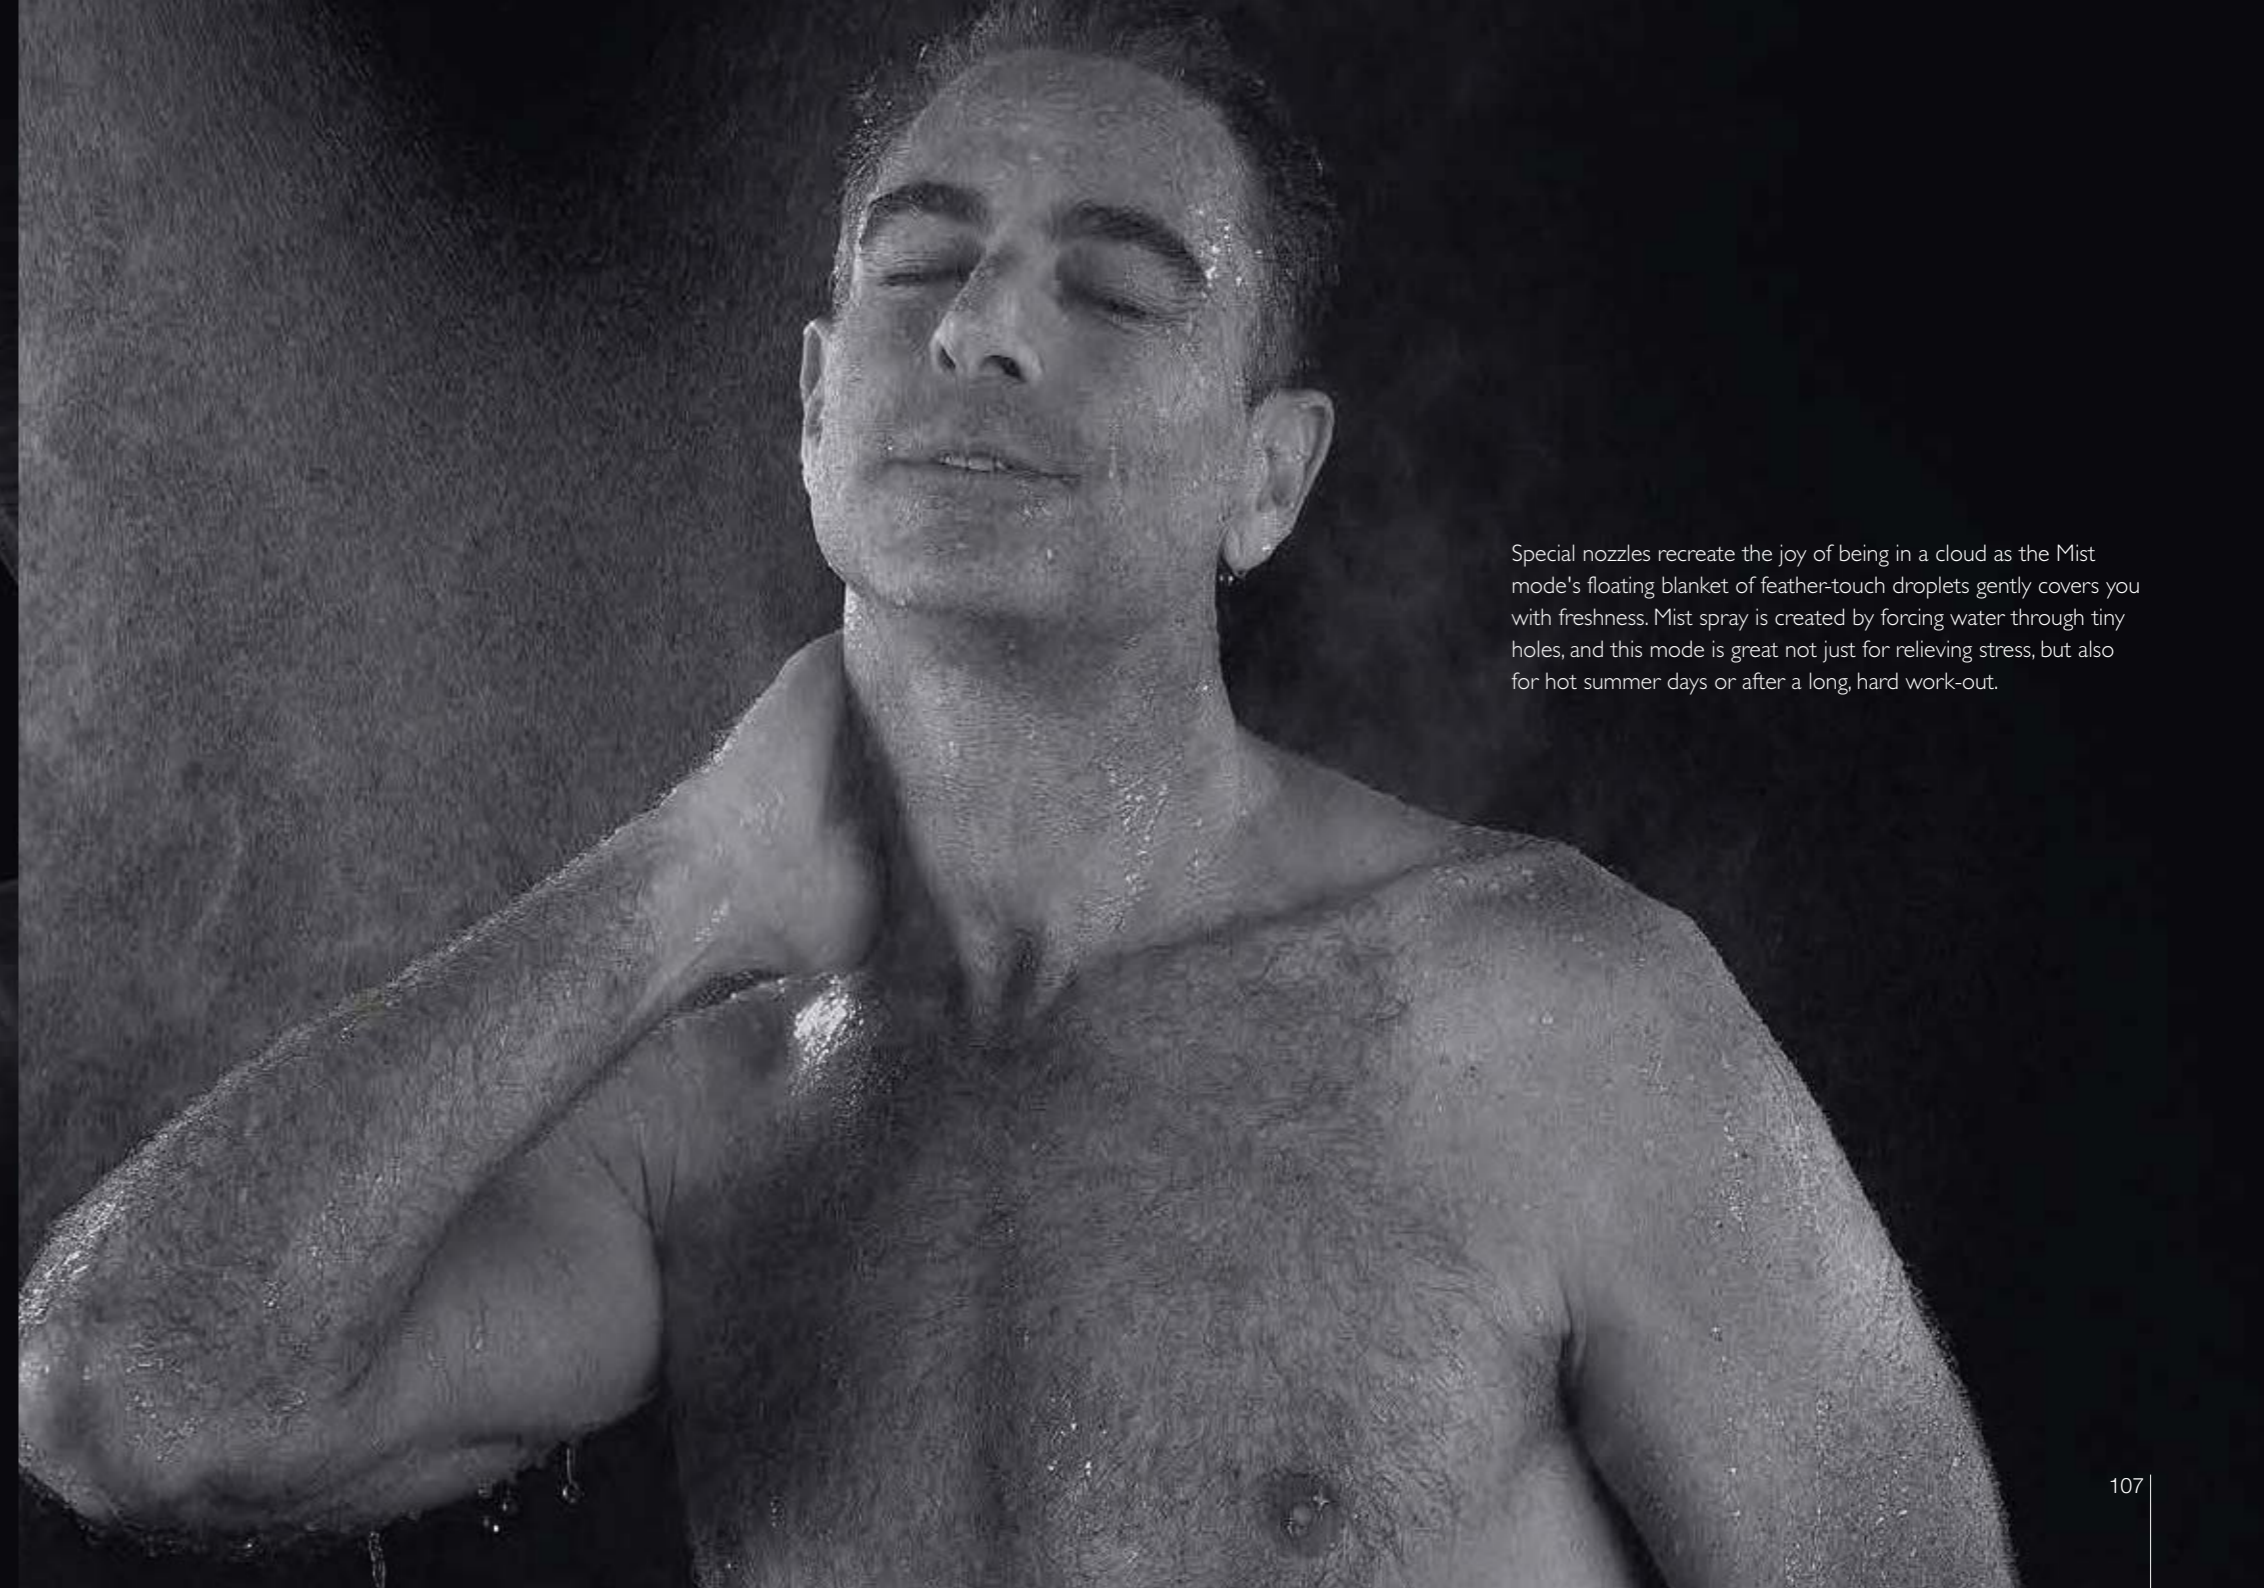

Concentrating a powerful flow of heavy drops into a small area from the central jets, the Intense mode is spread perfectly to fall on your head and shoulders, and relax and recharge you in minutes.

Mist

Lose yourself in the kiss of
a million droplets a minute.

Special nozzles recreate the joy of being in a cloud as the Mist mode's floating blanket of feather-touch droplets gently covers you with freshness. Mist spray is created by forcing water through tiny holes, and this mode is great not just for relieving stress, but also for hot summer days or after a long, hard work-out.

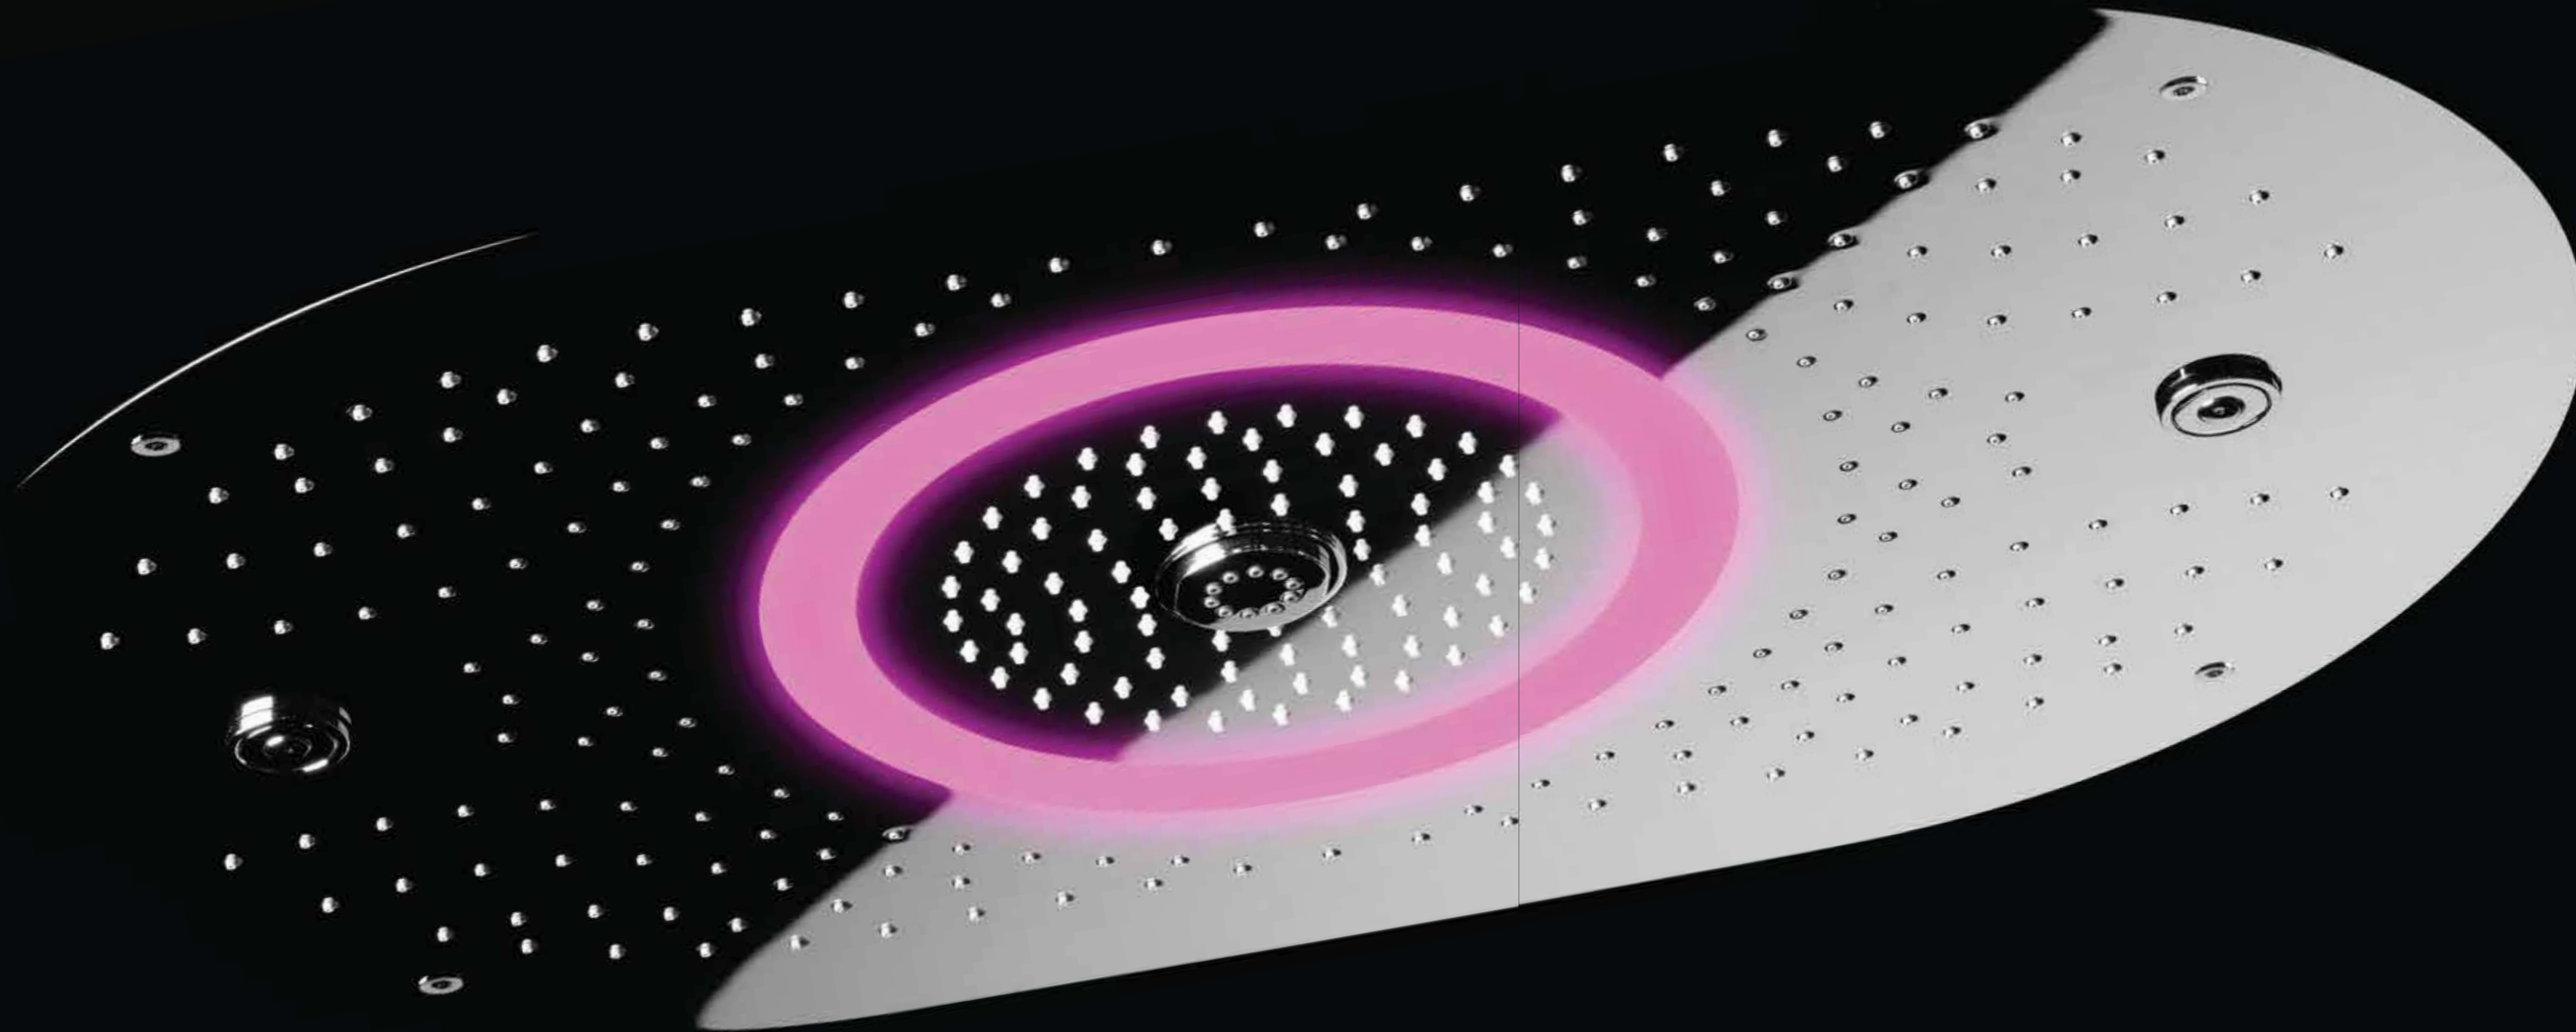

Massage

The joy of pulsating aquapressure.

The massage mode uses a special revolving nozzle that sends out water in intermittent pulses. Spinning, spiral columns of water land on the body milliseconds apart to create a drumming effect on the skin and muscles. This promotes blood flow, and the invigorating pressure relaxes and revives the body like only a massage can.

Chromotherapy

rainjoy+ also features Chromotherapy lights controlled by a waterproof, cordless remote to let you pick a relaxing colour or switch to an energising, pulsating, multi-colour experience.

Rainjoy

The steady drumming of rain. The hypnotic rhythm of falling waterdrops. The Rainjoy shower spa blends material science, hydro-flow design, and the best aqua-pressure therapy to create a 360° water massage that envelops you in pleasure. So that when you step into the shower, you discover a spa.

Chromotherapy

Let healing light flood your senses.

Careful selected hues of light add a choice of calming waves and invigorating energy to help every shower work wonders with not just your mind and mood, but heal your body as well. Whether you need to relax or be energised, set an appropriate colour for your shower to inspire the body and the mind with a choice of chromatic lights.

Remote

Luxury is chromotherapy that you control.

Light & Easy

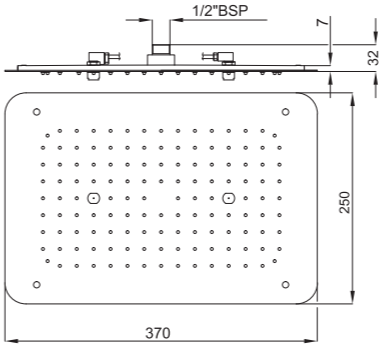

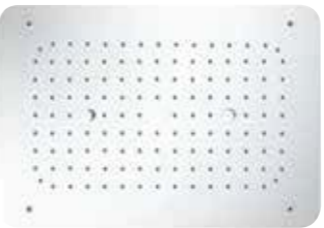

Each Rainjoy shower comes with the convenience of a cordless, waterproof remote control which lets you customise your chromotherapy experience. With a simple press of a button, you can choose a relaxing colour to shower in. Or switch to an energising, pulsating, multiple colour experience. The colours also change at a speed that you control.

Thermatik

The perfect temperature. No variations, or sudden changes. Warm to the precise degree you want it to be. Thermatik controllers feature integrated shut-off valves and concealed thermostats to keep the temperature evenly perfect.

An unmatched showering experience even at low water pressure! An unbeatable combination of convenience, efficiency, safety and style, Thermatik mixers give the choice to select any design to match your bathroom design and any outlet type-be it two, three, four or five outlets, to suit your requirement.

Features

MAX Performance:

- Works efficiently even at low pressure
- No need of pressure pump

Max Flexibility:

- Universal concealed body
- Available in 2, 3, 4, 5 Outlets

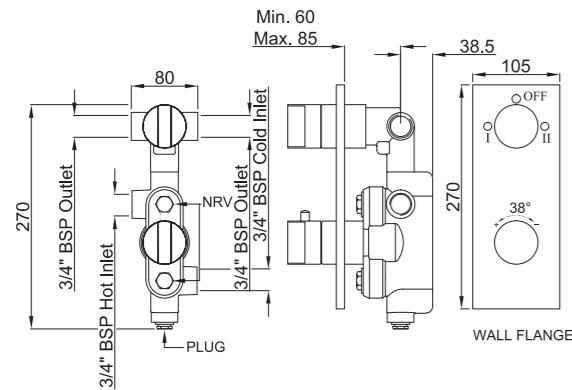

Max Safety:

- Thermostat (adjust temperature as desired)
- Non returnable valve to prevent accidental mixing of hot & cold water
- Child Lock (no chance for rotating knob to make water uncomfortably hot/cold)
- Anti scalding feature to shut off the supply in the absence of cold water supply
- Mechanical (Non-electrical) cartridge

Jaquar Group is now into the 60th year of its existence. Year 2020 will mark 60 years of a journey of a thousand miles that began with a single step, has become an epic saga of our growth, togetherness and mutual trust. This year, we're celebrating 60 years of not just our existence, but of our manufacturing excellence. As the logo of '60 years of manufacturing excellence' signifies, the 3 key aspects for us are Customer trust, Cutting edge technology, and our Stakeholders in the centre. The golden colour of figure 60 defines purity and trust the group has earned over the years. The beam of light shining through the gold colour is the lighting division of Jaquar Group. We're perhaps unique in offering both Complete Bathroom Solutions as well Complete LED Lighting Solutions.

Conceived back in 1960, the Jaquar Group has been built on the platform of the highest quality standards, aesthetics and the intent of providing world-class products. Today, the Jaquar Group caters to luxury, premium and value bathroom segments with Artize, Jaquar & Essco brands, respectively, for residential and commercial sectors across the globe. The group's lighting division, Jaquar Lighting too, has been setting new parameters of excellence while witnessing unprecedented success.

A tribute to the fine traditions of exquisite craftsmanship and precision where design, technology and expertise combine to deliver a masterpiece. Artize products are crafted for luxurious bath spaces. Perfect harmony is the very essence of Artize-together as coordinates or even as individual pieces. Artize's exquisite craftsmanship is so stunning that it can inspire the design principles of not just your bath spaces but of your entire living spaces.

Jaquar has an ongoing policy of design, development and thus reserves the right to modify specifications and prices without any prior notice.
